▸ PEANUT BUTTER MILK STOUT
ABV: 5.3% • IBU: 30
This is the cult hit that put us on the map. Often imitated but never duplicated! We use a proprietary peanut butter extract that is an alcohol base, meaning it is very aromatic, yet the flavor fades quickly off your tongue, making this a surprisingly drinkable dark beer year round. The peanut butter extract is also allergen-free. Even if you’re not a peanut butter or a stout fan, you have to try this, it’ll change your life!

▸ PHANTOM BRIDE RELEASE (IPA)
ABV: 7.1% • IBU: 60
A few years ago the Deftones reached out to us to brew a collaboration beer. They wanted a full-flavored IPA that was so refreshing and smooth that you could drink it all day at a music festival. After trying many sample batches, they picked out this amazing recipe featuring a heavy amount of Amarillo hops, which add a unique bright lemon zest flavor. This IPA is extremely food-friendly and complex and represents the best of the new wave of flavorful, yet drinkable IPAs. Originally brewed as a one-off, this became a consistent year-round release and now is one of our top-selling beers!

▸ HISTORY LESSON (English-Style Pale Ale)

▸ BIOTRANSFORMERS IPA
ABV: 6.0% • IBU: 44
A hazy pale ale, or what we cheekily refer to as an Austin-style IPA. It’s a tribute to our friends and colleagues at Pinthouse Pizza in Austin, Texas who make some of the finest hoppy beers in all of the land. We set out to capture the essence of their hoppy beers with this ‘strong pale’: their IPAs are light and drinkable, pure in malt and hop flavor, and intensely aromatic. A simple-yet-characterful base malt is the platform for big additions of Galaxy, Citra, and Simcoe hops, and the beer has intense notes of peach, grapefruit, petrol, and passion fruit.

▸ FITZCARRALDO (Belgian Dark Strong Ale aged in Bourbon Barrels)
ABV: 10.9% • IBU: 25
This is a special blend created by our brewers, and it combines some beers long-aged in wood with young beer in a way that is dynamic and delicious, a nod to the Belgian brewers who inspired this beer. The majority of the blend is a Belgian-style dark ale that spent over 22 months in Bourbon barrels. The extended aging allowed for soft and complex oxidative flavors to come out– there are notes reminiscent of maple syrup, prune, port, cherry cola, molasses, black licorice, raisin, amari, tobacco, and stewed plums. This was blended with a small portion of a barrel-aged stout and a dash of recently finished, unoaked dark beer.

► BARREL ADMIXTURE PROJECT 2019 (Barrel Aged Wild Ale)
ABV: 7.0% • IBU: 24
This blend of mixed culture beers from the cellar pays homage to our barrels. It pours an orange sunset color with a modest white head. Aromas of cherry, light farmhouse funk, and orange waft gently from the glass. Flavors mimic the aroma with a touch of acidity, a medium oaky bitterness and a light baked bread finish. Patience is rewarding.

GEORGE’S WASHINGTON CIDER
(Belgian Ale inspired Cider)
ABV: 6.3%
If we were to follow the recipe for a Belgian Ale, but use apples instead of grains, what would we get? Our first foray into beer-inspired ciders is George’s Washington Cider. Except for the hops, we treated it as if we were brewing a Belgian Ale. Expect the hopped version next year. Crisp and tangy, with earth notes. Inspired by Belgian Ales. Excellent with food. Off Dry & Lightly Carbonated.

SUN WUKONG DI DI (LITTLE BROTHER)
(The Little Brother Winter Melon Ginger)
ABV: 6.7%
Winter Melon is a Formosan delight, used in Taiwan to flavor anything from soups to bubble tea. We’ve introduced it in a cider and make versions that range from absolutely dry to semi sweet. Di Di, the little brother, adds ginger to the Winter Melon cider during cooking, adding the first layer of flavor. Fresh ginger is then added at the end of the process, adding sharpness and heat to the final product. Flavors are warm and tangy with the snap of fresh ginger.

► BIGFOOT BARLEYWINE
ABV: 9.6%  •  IBU: 90
Bigfoot is a beast of a beer, brimming with bold flavors of bittersweet malt and heaps of aggressive whole-cone Pacific Northwest hops.
First introduced in the winter of 1983, Bigfoot is a cult-classic beer brewed in the barleywine style, meaning a strong, robust, bruiser of a beer with the refined intensity of a wine. Bigfoot is prized by beer collectors for its supreme cellarability. Under the proper conditions, it can age like a fine wine, developing new flavors and character as it matures in the bottle. Each new release or “expedition” is vintage dated. Collect your own and see the flavors develop and progress.

► FANTASTIC HAZE
ABV: 9.0%  •  IBU: 40
We were in search of something fantastic. Something juicy, something hazy, something ripe with notes of mango, melon and citrus. So we said, “reason be damned,” and filled our kettles with five hop varieties and loads of malt, oats and wheat. Some may call that absurd. We call it absurdly fantastic.

► HAZY LITTLE THING IPA
ABV: 6.7%  •  IBU: 40
We’re constantly brewing new IPAs, looking for bold hop flavor. With this beer, our brewers thought it was so good that we decided to serve it straight from the tanks—unfiltered, unprocessed, and raw—to let all the fruit-forward hop flavors shine. The result is a hazy beer with modest bitterness and intense hop character. To some, making an unfiltered hop bomb may seem crazy, but to us, it’s a hazy little thing called IPA.

► WILD LITTLE THING
ABV: 5.5%  •  IBU: 7
This slightly sour wild little thing has just the right smack of tartness for serious refreshment, while guava, hibiscus & strawberry lend fruity-sweet depth and a bright pop of color.

► TROPIC HAZE IPA (Hazy IPA)

► NEVERENDING HAZE IPA
ABV: 4.0% • IBU: 35
There’s a lot ‘neverending’ about IPAs around Stone. Beginning with Stone IPA being one of the very first and most popular West Coast style IPAs on the planet, to our celebrated explorations of double IPAs, session IPAs, fruited IPAs and ultra-fresh triple IPAs, they’re an integral part of our legacy. Plus there’s the oft-said (but not actually true) comments from some that “All Stone does is IPAs.” Ha! Yes, we may love them passionately and perpetually be on a quest for IPA nirvana, but this particular one actually happened onto the scene to aid in your noble pursuit of neverending good times.

► TROPIC OF THUNDER LAGER
ABV: 5.8% • IBU: 58
Imagine you set sail for a three hour tour. Let’s say from the Port of Escondido (work with us here). The weather started getting rough. Your tiny ship (but not lunch, thankfully) was tossed. Long story short: You’re marooned on a remote island somewhere near the Tropic of Thunder. The good news is that the Capt. of the S.S. Stone and her brewing kit were among the small cast of colorful characters that survived the rough voyage with you. Mainstays Citra & Mosaic along with newcomer Cashmere hops are joined by their juicy tropical aromas of citrus, pineapple and coconut (try stringing all that together in a catchy tune). The rescue ship will find you all soon enough. For now, set aside the non-working cell phone and lack of social media (again, work with us here), kick back and revel in your moment of tropical island lagoon serenity.
